CALIC Group is a Florida Certified General Contractor and licensed Architectural firm specializing in:

- Owner's Representation
- Architectural Design and Design Management
- Design-Build
- Building Envelope Consulting / Quality Assurance

CALIC was co-founded by Steve Vickers in 1999 on the principles of integrity, transparency, service, and hard work. CALIC began as a Building Envelope Consulting Firm and has since evolved to include Owner's Representative, Design/Build, Architecture & Design Management, Building Envelope Consulting, and Construction Management services. To support the expansion in services, CALIC has grown from two initial employees to a team of 35+ qualified individuals.

**Building Envelope Investigation**

Thousands of projects have been successfully completed for unique, demanding, and one-of-a-kind clients, where timeliness and unmatched quality are expected. Central Florida's world-renowned entertainment companies rely on CALIC to fulfill their ever-changing design

and construction needs. Projects range from property condition assessments and building envelope quality assurance at flagship resorts, to design-build of new food and beverage locations within theme parks. This is a testament of CALIC's ability to understand the clients' expectations, bend/adapt, add value, and deliver a superior product. CALIC is a single source for new construction, re-purposing, and restoration projects. Because of CALIC's diverse service offerings, CALIC can adapt its role for the betterment of the Owner. The CALIC staff has experience in hospitality, food service, office, retail, healthcare, education, industrial, and assembly type facilities.

**CALIC Design Studio  
Lake Buena Vista, FL**

In 2019, after 20 years as President, Steve Vickers stepped back to enjoy some well-deserved free time. After serving as Vice President for 10 years, Jake Vickers took the reigns as President. During his time as V.P., Jake helped the company grow through the last recession from a team of 4 individuals to 35+. Jake holds his Master of Science in Building Construction from the University of Florida and has over 15 years of experience in the construction industry.

## What differentiates CALIC?

CALIC's executive leadership team takes a personal interest in all aspects of the organization and gets involved at the project level. CALIC is rooted in family values and treats its employees as they would want to be treated, which translates into a high-performance team with the clients' best interests as their main objective. The diversified team approach CALIC implements with its clients allows quicker adjustments to services as the clients' needs progress. CALIC is unique because of the diverse and wide range of services provided, and the ability to adapt to the client's need.

**New Office Building in Progress  
Design/Build**

CALIC's key services are all in-house, which allows for full project collaboration and a deep knowledge base for the company and its clients. CALIC Group is thankful for the partnerships made 'til today and is extremely excited for those to be made in the future!
